Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: NCJ TECH
- Certification: CE
- Model Number: NSL-R01
- Minimum Order Quantity: 100 pcs
- Price: Negotiation
- Packaging Details: White box + Outer box (K=A)
- Delivery Time: 1: Sample and small order: Within 7 working days after receiving your payment. 2: Bulk order: 3-4 weeks after receiving your deposit.
- Payment Terms: T/T, Paypal
- Supply Ability: 10000pcs per month

Product Specification

- Material: ABS+PC Housing
- Color Temperature: 3000k-6500k
- Detection Angle: 150°
- Voltage: AC85-265V
- Luminous Lux: 450lm
- Wattage: 5W/7W/9W
- Beam Angle: 120°
- Highlight: Motion Detector Bulbs Outdoor 3000K, Motion Detector Bulbs Outdoor 6500k, Motion Sensor Light Bulb E27

Product Description

Outdoor Infrared Detecting Lights with Color Temperature 3000K-6500K

PIR Sensor Lights are motion detector lights that use a passive infrared sensor to detect motion. They are energy-efficient and provide bright light with their 5W, 7W, and 9W wattage. The lights have a 120° beam angle and a 150° detection angle, and the housing is made of ABS+PC material. They are designed to provide energy savings and improved safety with their motion-detection capabilities. The lights are suitable for use in a variety of applications, including commercial, industrial, and residential areas, and they can operate on AC85-265V voltage.

NSL-R01 Technical Parameters:

Item	Parameter
Infrared Detecting Lights	Motion-Activated Lights
Detection Angle	150°
Detection Distance	5-8m
Luminous Lux	450ml
Material	ABS+PC Housing
Voltage	AC85-265V
Color Temperature	3000k-6500k
Working Temperature	-20 —40
Working Humidity	5%-95%
Wattage	5W/7W/9W
Bulb Base	E27 E26 B22 E17
Beam Angle	120°
Delay Time	60s±10%

350° Rotating Sensing Head

It can accurately sense the motion of people

Support and Services:

We offer technical support and services for our PIR Sensor Lights product. Our services include:

Providing technical support for product installation, setup, and troubleshooting.

Providing replacement parts if needed.

Providing customer service and technical support via phone, email, and chat.

Providing product updates and software upgrades.

Packing and Shipping:

Packaging and Shipping of PIR Sensor Lights

The PIR Sensor Lights will be securely packaged to ensure the product remain undamaged during transportation and delivery. The packaging of the product will include:

A card board box with a customized logo

A foam cushion or cushioning material

The product will be shipped in 1-2 days after the order is placed. It will be shipped using a reliable and trusted courier with tracking number provided.
